

NORTH WILLOW GLEN NEIGHBORHOOD ASSOCIATION

Meeting Date: 8.28.01

- A vote was taken by the executive board regarding the election. Due to the flyers not going out in the mail, it was decided that the elections will be held at the next regularly monthly meeting, which is 9/25/01. There may be a meeting of the board in the interim to define positions i.e., street captains.
- There were three SJ police officers present and asked if anyone had any issues. They discussed recent crimes, procedures, etc.
- Four people showed for our last "spruce up" day. Next time we will finally paint the fence at Fuller Plaza.
- Open Space committee met regarding the Bird & Fisk site. Renee presented plans. City will work on the water and it will not come out of our budget. Plan included and possibilities are gates, paths, play area, patio, game tables, flagstone, lawn, flattening hills, hedge around perimeter, play equipment. Estimated cost is \$250,000. We can apply for funds. Talked about grants also, as there are several sources. Renee explained the process of making this happen through the City. We will need a name for this park, which is also a process through the City.
- Another taxi-cab site meeting was held. Mixed reactions, but positive. Planning Department wants high density housing, but that is not what the developer and architect has in mind.

REMINDER: NEXT MEETING

**September 25, 2001, 7-9pm, Word of Faith Church
Corner of Delmas and Fuller Ave.**
